SUBJECT: Notice of Intention Signature, WEMBCO, Larry Allred Site,
S/047/068, Uintah County, Utah

Mary Ann Wright's letter of February 17, 2004, to Larry Allred requires that the operator name be clarified for the site he is mining for tar sands in Uintah county. The Notice of Intention to Commence Small Mining Operations (NOI) needs to have the signature of a person who can legally bind the operator or permittee to conduct mining as required under the Utah Mined Land Reclamation Act.

Mr. Allred signed the original notice of intention (copy enclosed) for WEMBCO, but he is not an officer or director of WEMBCO. Assuming that WEMBCO will be the permittee and not Mr. Allred, we ask that you or another authorized person fill in the "Signature Requirement" section of the blank NOI form page. We also ask that you provide updated address and telephone information on the blank first page.

Please inform me if WEMBCO is not to be the permittee of this site.

If you have any questions about this memo, the letter, or any other aspect of the NOI, please do not hesitate to call me at 801-538-5261.
